

PSK-HANDBOOK 2

INSTRUMENT INSTALLATION

The handbook provides general and proven installation methods for instrument installations.

This 2nd edition of the handbook contains 10 PSK Standards Association instrument installation standards.

Handbook 2 contains the standards developed by the PSK Standards Association (PSK Standardisointi) for type drawings and procurement of industrial instrument installations.

The handbook contains instructions for design, procurement, installation and execution of instrument installation.

The handbook is bilingual (Finnish and English).

Hook-up drawings of instrument installations are delivered optionally with the book in digital format (PDF, DWG, DXF).

PSK Standards Association workgroup

PSK 52/1

The standards for the book have been prepared by PSK Standards Association workgroup 52/1, which has represented experts in the field of manufacture, design, installation and use.

Workgroup PSK 52/1 and its predecessors have been developing and drafting instrument installation standards since 1986.
